

## **COMMITMENT TO YOUR PRIVACY**

This site is owned and operated by Wadia Digital. Your privacy on the Internet is of the utmost importance to us. At Wadia Digital, we want to make your experience online satisfying and safe.

Because we gather certain types of information about our users, we feel you should fully understand the terms and conditions surrounding the capture and use of that information. This privacy statement discloses what information we gather and how we use it.

### **Information Wadia Digital Gathers and Tracks**

We gather two types of information about users:

- Information that users provide through optional, voluntary submissions. These are voluntary submissions to receive our electronic newsletters, to participate in our message boards or forums, to email a friend, and from participation in surveys.
- Information Wadia Digital gathers through aggregated tracking information derived mainly by tallying page views throughout our site. This information allows us to better tailor our content to readers' needs and to better understand the demographics of our audience. Under no circumstances does Wadia Digital divulge any information about an individual user to a third party.

### **Wadia Digital Gathers User Information in the Following Processes (*Optional Voluntary Information*):**

We offer the following free services, which require some type of voluntary submission of personal information by users:

#### **1. *Electronic newsletters (Dispatches)***

We will offer a free electronic newsletter to users. Wadia Digital gathers the email addresses of users who voluntarily subscribe. Users may remove themselves from this mailing list by following the link provided in every newsletter that points users to the subscription management page. Users can also subscribe to the newsletters at the time of registration.

#### **2. *Message boards/forums***

Users of the site's Message Boards and Forums must register separately for these services (both are free of charge) in order to post messages, although they needn't register to visit the site. During registration the user is required to supply a username, password, and email address.

#### **3. *"E-mail this to a friend" Service***

Our site users can choose to electronically forward a link, page, or documents to someone else by clicking "e-mail this to a friend". The user must provide their email address, as well as that of the recipient. This information is used only in the case of transmission errors and, of course, to let the recipient know who sent the email. The information is not used for any other purpose.

#### **4. *Surveys***

Wadia Digital may occasionally conduct user surveys to better target our content to our audience. We never share any of this information about specific individuals with any third party.

### **Children**

Consistent with the Federal Children's Online Privacy Protection Act of 1998 (COPPA), we will never knowingly request personally identifiable information from anyone under the age of 13 without requesting parental consent.

### **Usage tracking**

Wadia Digital tracks user traffic patterns throughout all of our site. However, we do not correlate this information with data about individual users. Wadia Digital does break down overall usage statistics according to a user's domain name, browser type, and MIME type by reading this information from the browser string (information contained in every user's browser).

Wadia Digital sometimes tracks and catalogs the search terms that users enter in our Search function, but this tracking is never associated with individual users. We use tracking information to determine which areas of our sites users like and don't like based on traffic to those areas. We do not track what individual users read, but rather how well each page performs overall. This helps us continue to build a better service for you.

### **Cookies**

We may place a text file called a "cookie" in the browser files of your computer. The cookie itself does not contain Personal Information although it will enable us to relate your use of this site to information that you have specifically and knowingly provided. But the only personal information a cookie can contain is information you supply yourself. A cookie can't read data off your hard disk or read cookie files created by other sites. Wadia Digital uses cookies to track user traffic patterns (as described above). Our advertising system delivers a one-time cookie to better track ad impressions and click rates.

You can refuse cookies by turning them off in your browser. If you've set your browser to warn you before accepting cookies, you will receive the warning message with each cookie. You do not need to have cookies turned on to use this site. However, you do need cookies to participate actively in message boards, forums, polling and surveys.

### **Use of Information**

Wadia Digital uses any information voluntarily given by our users to enhance their experience in our network of site, whether to provide interactive or personalized elements on the sites or to better prepare future content based on the interests of our users.

As stated above, we use information that users voluntarily provide in order to send out electronic newsletters and to enable users to participate in surveys, message boards, and forums. We send out newsletters to subscribers on a regular schedule (depending on the newsletter), and occasionally send out special editions when we think subscribers might be particularly interested in something we are doing. Wadia Digital never shares newsletter mailing lists with any third parties.

When we use tracking information to determine which areas of our site users like and don't like based on traffic to those areas. We do not track what individual users read, but rather how well each page performs overall. This helps us continue to build a better service for you. ### **Sharing of the Information**

Wadia Digital uses the above-described information to tailor our content to suit your needs and help us better understand our audience's demographics. We will not share information about individual users with any third party, except to comply with applicable law or valid legal process or to protect the personal safety of our users or the public.

### **Security**

Wadia Digital operates secure data networks protected by industry standard firewall and password protection systems. Our security and privacy policies are periodically reviewed and enhanced as necessary and only authorized individuals have access to the information provided by our customers.

### **Opt-Out Policy**

We give users options wherever necessary and practical. Such choices include:

- Opting not to register to receive our electronic newsletters.
- Opting not to participate in certain interactive areas, which completely alleviates the need to gather any personally identifiable information from our users.
